

Vision, Comfort, Protection.

American Standard Window Film offers the technology of the future, for today's energy-conscious consumer.

Daydream™ 15

day • dream | dā.'drēm' | enjoying pleasant visions while awake

The Daydream series is a dual reflective film designed specifically for the residential market. This series of films reduces solar heat gain and cuts annoying glare while introducing minimal interior reflectivity.

Benefits

- Dual reflective technology provides excellent nighttime vision looking out
- Superior heat reduction to increase comfort and minimize hot and cold spots
- Superior glare reduction to reduce eyestrain
- Provides energy savings through lower air conditioning costs
- Blocks 99% of ultraviolet rays to help reduce fading
- Durable, scratch resistant coating
- Manufacturer's warranty

Window Film Performance Data

% Total Solar	
Reflectance	38%
Absorptance	44%
Transmittance	18%
% Visible Light	
Transmittance	17%
Reflectance: Interior	13%
Reflectance: Exterior	37%
% Ultraviolet Rejection	99%
% Glare Reduction	81%
Shading Coefficient	0.24
Solar Heat Gain Coefficient	0.29
% Total Solar Energy Rejection	71%
