

Vision, Comfort, Protection.

American Standard Window Film offers the technology of the future, for today's energy-conscious consumer.

Illusion™

il·lu·sion | ɪ-lloo'zhən | an image perceived in a way different from the way it is in reality

Illusion is a dual reflective film that creates the affect of a one-way mirror, given the proper lighting, allowing a person to be undetected while viewing into an adjoining space.

Benefits

- Unique one-way mirror effect provides daytime privacy without blocking view
- Dual reflective technology provides excellent nighttime vision looking out
- Superior heat reduction to increase comfort & minimize hot & cold spots
- Superior glare reduction to reduce eyestrain
- Provides energy savings through lower air conditioning costs
- Blocks 99% of ultraviolet rays to help reduce fading
- Durable, scratch resistant coating
- Manufacturer's warranty

Window Film Performance Data

% Total Solar	
Reflectance	52%
Absorptance	40%
Transmittance	8%
% Visible Light	
Transmittance	7%
Reflectance: Interior	13%
Reflectance: Exterior	54%
% Ultraviolet Rejection	99%
% Glare Reduction	92%
Shading Coefficient	0.23
Solar Heat Gain Coefficient	0.15
% Total Solar Energy Rejection	85%

Solar Series

Important: All tested materials were applied on a ¼" clear glass surface in accordance with industry standard tests. The intended purpose of the data provided is for comparison purposes only.
